

Narratives Training is Coming Up!

We will be holding Narrative Training sessions right here in Palomar District in November. Your options are to meet **in person on November 18** OR **on Zoom on November 30**. (Details are on page 2)

Almost all of the paperwork in your folder will match last year's instructions. I will forward the contents of that folder for you to follow on your laptop or print out. We will provide printed copies for the in-person meeting. The major change is that the narrative form will specify the 2021 calendar year, January 1 through December 31. (So don't use the 2020 form!!)

The Program Area and Advancement Plan titles will be the same. The only required report is the Statistical Form, but we would love to see at least the Membership Narrative as well.

These Narratives are your Club's chance to shine AND share your Club's successes AND keep up your Club's history.

The judging procedure will match last year's - we will be judging within the District, reading and scoring narratives from non-competing club sizes. There will be some slight changes in the scoring which we will point out.

You all did a tremendous job last year on Narratives and submitting them as attachments to emails. The Judging process went smoothly and we are very grateful that your Clubs took care of business on time! Please involve your members in the judging - they will learn a lot about Federation from the carefully crafted reports!

Please send me the name of your club's Judging Coordinator by November 30th. This member will be receiving the Narratives from me, arranging for the scoring committee, and returning the scores to me.

Basically, if you accomplished Narratives last year, this year will be almost the same. If you hear about Dropbox, that change is for me, your District Dean - I will be submitting all of our narratives to CFWC on Dropbox. Palomar District Club Deans will submit Narratives to me as attachments to emails, just like last year.

Please remember that your District Dean is available to answer questions about Narratives, forms, record-keeping, and categorizing your narratives into Program Areas. I'm looking forward to working with you!

CFWC Palomar District Federation First VP - Dean
