PRESIDENT'S MESSAGE

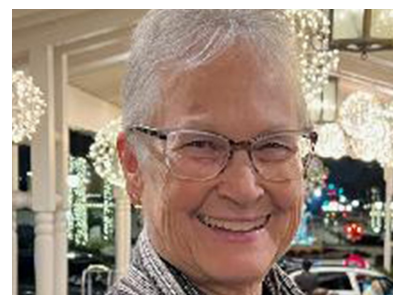

Happy Spring,
I'm so glad to be welcoming in a
warmer time of year. I found this
poem and hope that it will bring
you joy.

THE JOY OF LIFE

Life is a very joyous thing,
Whatever we at times may say!
The youthful freshness of the spring
Must drive the winter gloom away,
And usher in the summer day,
Till with the birds perforce we sing--
"Life is indeed a joyous thing!"

Life is a very joyous thing!
Though snows may hide the flowers from sight,
The young year very soon will bring
Her loveliest blossoms, pure as light,
Children of winter, snowy-white,
And fill our souls with hope and sing--
"Life is indeed a joyous thing!"

Life is a very joyous thing!
Its good is often hard to find,
Its pleasures fly on rapid wing,
Its honours vary with the wind;
Yet still we see, unless we're blind,
A hundred reasons why we sing--
"Life is indeed a joyous thing!"

Sherry Lutes
*Sharing, Caring, Giving,
Laughing, Working*

Continued on next page

Life is a very joyous thing!
Though, one by one, we lose each friend,
To love and hope we still may cling;
And if we, like the rushes, bend,
No blow will kill, and till the end
Through good and ill we still shall sing--
"Life is a very joyous thing!"

I recently lost one of my brothers and this poem reminds me that yes, "Life is indeed a joyous thing!"
May Spring bring you many joyous things.

This Women's History Contest is for the clubs of Palomar District (Area D/CFWC/GFWC). Our motto is Unity in Diversity with women who made a difference starting as the Sorosis Club. The group met with 61 in attendance. At this meeting, members drafted a constitution and bylaws, which were ratified the next year with an approved constitution. Mrs. Phoebe A Hurst (California) was elected to serve as the first Treasurer of the General Federation, March 3, 1901. There are special historical happenings in our District. Now, we have the opportunity to record the outstanding work of our members. What are the club activities and who are the members that make them a success for our clubs and our communities? Which other community groups do your members work with? Who are the women that make the difference in your club? We want to celebrate your club and your members!

FUNDRAISING IS FUN!

Educate, Energize, and Empower your members to choose a fundraising idea, plan a successful event, advance and promote your club and GFWC, and gain recognition for your fundraising efforts.

Why Should Your Club Do Fundraisers?

- Fundraising plays a vital role in your efforts to make a difference in your community, club, and with club members.
- Fundraisers provide an opportunity to work with others in your community to support local projects, charitable causes, affiliate organizations, your club's community service and outreach projects, or GFWC.
- Successful fundraising can increase your club's visibility in the community, foster cooperation, provide a sense of accomplishment, cultivate pride and ownership in the organization, and create life-long friendships—all while building a stronger and better club. (GFWC.org)

Where Do You Start?

To choose the right fundraiser for your club, first identify your fundraising goals, then consider your target audience's interests, the type of event that aligns with your cause, and the feasibility of executing it, selecting an option that is engaging, accessible, and fits within your resources while maximizing potential donations.

Begin your fundraising process with a brainstorming session for club members. Discuss pros and cons, then make your choice for the right fundraiser for your club.

Advocates for Children—Nancy B Jones, Chairman

PRESIDENT SHERRY'S MAGIC YARN PROJECT

This was a fun project to include in our Palomar District Advocates for Children narrative!

Get on board the Magic Yarn Project train! The Magic Yarn project is a non-profit that provides “Homespun wigs for little cancer fighters.” This project entails the creation of “whimsical, giggle-inducing character wigs and beanies that invite children into the world of imagination and play during difficult times.” Beanies are crocheted by willing volunteers and yarn is added to make wigs.

On Saturday, May 3, we will be volunteering down in Mission Valley to crochet lengths of yarn into the beanies and tie them to make the soft, comfortable and fun wigs for kids with medical hair loss. The completed wig/beanies are always free for the families - and they have been sent out to kids all over the world upon request. The Magic Yarn Project gifts over 500 wigs every month to children with cancer and other medical hair loss all over the world. If you can't create the wigs, the program relies on small donors to fund their shipping and materials. The organization accepts donations of money, beanies, and yarn (with restrictions), and relies on volunteers to construct the wigs as ordered. We look forward to helping complete these fun wigs for the kids - and bring smiles to these young faces in their difficult times. Please see the next page for more information.

CFWC Environment: Sunflowers and Sustainability

by CFWC Environment Chairman Nancy B Jones

Farmerjonesavbg@gmail.com

Have you shared your favorite Sustainability habit? As California Chairman for Environment, I am asking members from across the state to share about their Sustainability habits, their actions that support the Earth. When members write out their habits, they receive a packet of sunflower seeds which they will plant to brighten up their community now that it's springtime.

The 2024 Environment Narratives are in, and it's a real treat to read about unique projects. We're always looking for creative programs that no one else has even dreamed of!

Members across the state have shared about recycling and sorting trash, gardening and growing their own veggies, harvesting, composting, mulching, working with kids outdoors, saving water, planting trees, using less plastic and paper, recycling batteries, and no Styrofoam. They shared about carpooling and transporting other club members to meetings. Every day we can pay attention to our habits that help conserve our natural resources.

Please share your habits that help support our Earth. Email your sustainability habits to me at the above email address or hand them to me at the District Convention at the Carlsbad clubhouse. I look forward to reading and sharing your contributions! Thank you for remembering good Conservation Habits!
